The athletics program at Collegiate is just one part of a carefully crafted curriculum designed to develop and nurture the whole student academically, physically, intellectually and morally. The goal is to cultivate a lifetime of healthy habits and attitudes about trying, winning and accepting outcomes. We aim for our athletes to be recognized not just by their trophies, plaques and varsity uniforms, but also by their character, demeanor and self-confidence. Students in Upper School must complete a two-season athletic/fitness requirement each year. The requirement may be completed through participation on athletic teams or through the satisfactory completion of fitness or after-school dance classes.

At Collegiate, the Honor System is based on the moral maturity, self-respect and cooperation of each member of the student body. Our Honor System implies a trust that each student will do homework, tests and other forms of work alone, unless allowed to do otherwise by a faculty member, and will use the property of others only with permission from the owner. The system assumes that students will at all times be truthful and will use their influence to encourage honorable conduct among all fellow students.

Collegiate offers a wide range of activities that broaden a student’s education beyond the traditional academic disciplines. Extracurricular club and committee offerings enable students to explore and develop personal interests within organized student groups. In addition, Collegiate’s club and council structure allows students to develop leadership skills while embracing the concept of teamwork and citizenship. To learn more about specific Upper School organizations, select the category Clubs & Activities in the Programs section of our website: www.collegiate-va.org.

The Senior Year Capstone program, Envision Your World, is designed to bring to life classroom learning in real-world contexts and is guided by the School’s commitment to Responsible Citizenship. Each Capstone course has at its core an essential question or challenge and will empower students to use their cumulative learning to engage with this challenge. Students can choose from a variety of Capstone classroom experiences, each with a focus on one or more of the pillars of Responsible Citizenship.

Course Offerings 2019-20 (*denotes semester course)

**Mathematics** *(3 credits required)*
- Algebra I • Algebra II, Honors Algebra II
- Geometry, Honors Geometry & Trigonometry
- Pre-Calculus, Honors Pre-Calculus
- Statistics & Applied Math
- Calculus • AP Calculus AB • AP Calculus BC
- AP Statistics • Honors Math Modeling*
- Advanced Geometry
- Honors Multivariable Calculus*
- Honors Linear Algebra*

**Science** *(3 credits required)*
- Biology, Honors Biology • Marine Biology*
- Chemistry, Honors Chemistry
- Physics, Honors Physics
- Expeditions: Astronomy & History
- AP Biology • AP Chemistry
- AP Physics C: Electricity & Magnetism
- AP Physics C: Mechanics
- AP Environmental Science
- AP Computer Science Principles
- Biology II*, Ecology*, Forensics*
- Human Anatomy I – II*
- STEAM Collaboratory: Engineering & Robotics*

**History and Social Sciences** *(3.5 credits required)*
- World History
- Contemporary World History
- Comparative World Religion*
- U.S. History Survey
- Honors U.S. History Survey
- AP Economics (Micro* & Macro*), AP Economics

College Enrollments

While in a typical year all of Collegiate’s graduates will move on to four-year colleges, their interests and directions are varied.

• Approximately 50% of each class chooses to attend institutions in Virginia and the other 50% elects to study at colleges and universities across the country and abroad.

• Over the past four years, 521 Collegiate graduates have been accepted at 279 colleges and universities in Canada, France, the Netherlands, the U.S. and the U.K., and have enrolled at 109 of those institutions.

Classes of 2016-19 enrollment numbers, when greater than one (1), are in parentheses.
